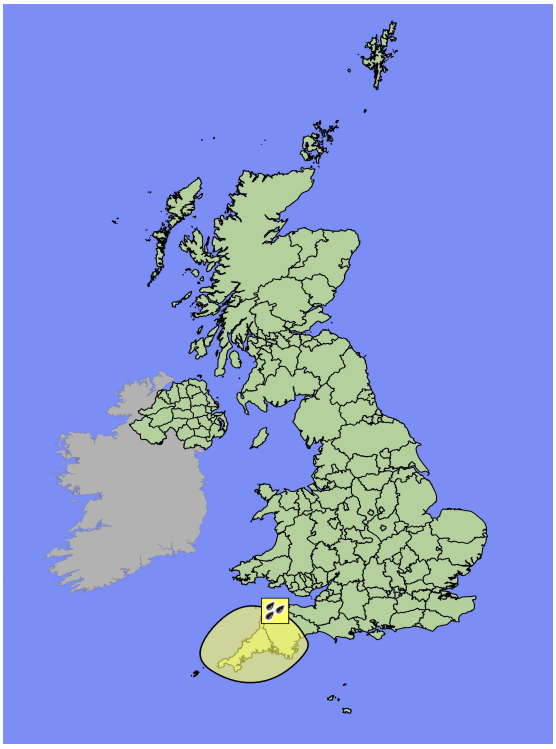
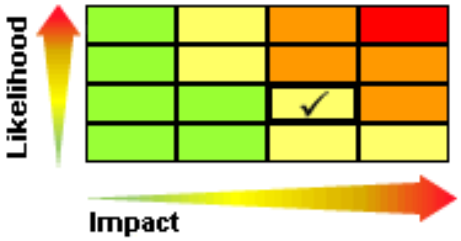
National Severe Weather Warning Service





Chief Forecasters Assessment
A small area of low pressure is expected to move eastwards into the extreme southwest of England on Thursday evening. This is likely to bring some heavy and persistent rain amounting to 15-25 mm in places. With the ground being almost saturated, some localised flooding is possible.

The Met Office have issued a **Yellow Alert** of **Rain**

Valid from **19:00 on Thu, 04th Oct 2012** until **23:55 on Thu, 04th Oct 2012**

Heavy rain is likely to move eastwards across southwest England on Thursday evening. With the ground already being almost saturated, the public should be aware of the risk of localised flooding.
